WHAT IS YOUR DEFINITION OF FINANCIAL FREEDOM?

Does How I Manage Money Really Matter?

It's a matter of _____

It's a matter of the _____

It matters to _____

- God wants me to experience _____

You open your hand and satisfy the desires of every living thing.
(Psalm 145:16 NIV)

- God wants me to experience _____

“Well done, good and faithful servant! You have been faithful with a few things; I will put you in charge of many things. Come and share your master’s happiness!” (Matthew 25:21 NIV)

- God wants me to experience _____

My brothers and sisters, God called you to be free, but do not use your freedom as an excuse to do what pleases your sinful self. Serve each other with love. (Galatians 5:13 NCV)

PERSPECTIVES ON MONEY

Perspective: Determining our Point of View

There are two basic approaches or points of view regarding how I manage money:

- _____
- _____

No one can serve two masters. Either he will hate the one and love the other, or he will be devoted to the one and despise the other. You cannot serve both God and Money. (Matthew 6:24 NIV)

DEDICATING YOUR MONEY

Following a Biblical Perspective

DEDICATE IT ALL TO GOD

The primary reason we dedicate everything to God is that it _____ to him anyway.

The earth is the LORD's, and everything in it, the world, and all who live in it. (Psalm 24:1 NIV)

Yours, O LORD, is the greatness, the power, the glory, the victory, and the majesty. Everything in the heavens and on earth is yours, O LORD, and this is your kingdom. We adore you as the one who is over all things. Riches and honor come from you alone, for you rule over everything. Power and might are in your hand, and it is at your discretion that people are made great and given strength. (1 Chronicles 29:11-12 NLT)

FIVE REASONS TO DEDICATE IT ALL TO GOD

1. It all belongs to _____ .
2. You are his _____ .
3. You cannot serve _____ .
4. You can make an impact on _____ .
5. God blesses that which we _____ to him.

"I tell you, use your worldly resources to benefit others and make friends. In this way, your generosity stores up a reward for you in heaven. Unless you are faithful in small matters, you won't be faithful in large ones. If you cheat even a little, you won't be honest with greater responsibilities. And if you are untrustworthy about worldly wealth, who will trust you with the true riches of heaven?" (Luke 16:9-11 NLT)

PLANNING YOUR SPENDING

Plan for the Future

Good planning and hard work lead to prosperity, but hasty shortcuts lead to poverty. (Proverbs 21:5 NLT)

FOUR BIBLICAL PLANNING PRINCIPLES

1. Spend less than you _____.

The wise man saves for the future, but the foolish man spends whatever he gets. (Proverbs 21:20 LB)

2. Avoid the use of _____.

The rich rule over the poor, and the borrower is servant to the lender. (Proverbs 22:7 NIV)

3. Build an _____ fund.

Go to the ant, you sluggard! Consider her ways and be wise, which, having no captain, overseer or ruler, provides her supplies in the summer, and gathers her food in the harvest. (Proverbs 6:6-8 NKJV)

4. Set _____ goals.

I press on toward the goal for the prize of the upward call of God in Christ Jesus. (Philippians 3:14 NASB)

GIVING

Biblical Principles of Giving

*Remember this: Whoever sows sparingly will also reap sparingly,
and whoever sows generously will also reap generously.
(2 Corinthians 9:6 NIV)*

GIVING IS A _____ .

WHY SHOULD I GIVE?

- **Because Jesus _____ .**

“Yes, you should tithe, but you shouldn’t leave the more important things undone.” (Matthew 23:23 LB)

- **Because tithing demonstrates that God has _____ in my life.**

The purpose of tithing is to teach you always to put God first in your lives. (Deuteronomy 14:23 LB)

- **Because it demonstrates my desire to _____ God’s example.**

*“For God so loved the world that he gave his one and only Son,
that whoever believes in him shall not perish but have eternal life.”
(John 3:16 NIV)*

- **Because it helps develop a _____ in me.**

*You show your gratitude through your generous offerings to your
needy brothers and sisters, and really toward everyone.
(2 Corinthians 9:13 MSG)*

Rule of 72

$$72 / i = n$$

THE RULE OF 72

How long will it take to double your money at any given growth rate? The Rule of 72 tells you that if you divide the rate of growth into 72 you will get your answer. Look at this example.

Let's say you make a one-time investment of \$1,000 in a savings account that pays 3% per year. The Rule of 72 tells you to divide 3 (the growth rate) into 72. The answer is 24. Therefore, at 3% your original investment of \$1,000 will double to \$2,000 in 24 years.

If the investment pays 6% per year, the Rule of 72 tells you to divide 6 (the growth rate) into 72. The answer is 12. Therefore, at 6% your original investment of \$1,000 will double every 12 years. It will double to \$2,000 in 12 years, and it will double again to \$4,000 in 24 years.

If the investment pays 12% per year, the Rule of 72 tells you to divide 12 (the growth rate) into 72. The answer is 6. Therefore, at 12% your original investment of \$1,000 will double every six years. It will double to \$2,000 in 6 years, and it will double again to \$4,000 in 12 years. It will double a third time to \$8,000 in 18 years, and it will double a fourth time to \$16,000 in 24 years.

In other words, in the same 24 year period, your original \$1,000 investment will grow to \$2,000 at 3% per year, to \$4,000 at 6% per year, or to \$16,000 at 12% per year.

Growth Rate	Rule of 72	6 years	12 years	18 years	24 years
\$1,000 @ 3%	$72/3 = 24$ years to double				\$ 2,000.00
\$1,000 @ 6%	$72/6 = 12$ years to double		\$ 2,000.00		\$ 4,000.00
\$1,000 @ 12%	$72/12 = 6$ years to double	\$ 2,000.00	\$ 4,000.00	\$ 8,000.00	\$ 16,000.00

The power of _____ is amazing!

ENJOYING WHAT YOU HAVE

Enjoy What God Has Given

Command those who are rich in this present world not to be arrogant nor to put their hope in wealth, which is so uncertain, but to put their hope in God, who richly provides us with everything for our enjoyment. (1 Timothy 6:17 NIV)

- Enjoying includes having a lifestyle I am _____ with.

But godliness with contentment is great gain. For we brought nothing into the world, and we can take nothing out of it. But if we have food and clothing, we will be content with that. (1 Timothy 6:6-8 NIV)

- The secret: stop the _____ trap.

Putting it into Practice

1. Start tracking your spending.
 - Use a small pad or other method that you will stick to
 - Enter your spending into the Monthly Expenses worksheet each week (page 12-13)
2. Fill out the Personal Financial Profile (page 16).
 - Look at your net worth each year to monitor progress
3. Write down your financial goals.
 - Prioritize – which ones do you want to go for first?
4. Fill out the Monthly Income and Priority Expenses page (page 24).
 - Remember, these should be your first spending priorities
5. Fill out the Spending Plan (page 25).
 - First with current actual spending numbers
 - Then with desired goal numbers
6. Use the Monthly Expenses worksheet to compare your actual spending with your Spending Plan.

GLOSSARY OF TERMS

Bankruptcy: A proceeding in U.S. Bankruptcy Court that may legally release a person from repaying debts owed. Credit reports normally include bankruptcies for up to 10 years.

Charge-off: The balance on a credit obligation that a lender no longer expects to be repaid and writes off as a bad debt.

Collection: Attempted recovery of a past-due credit obligation by a collection department or agency.

Consumer credit file: A credit bureau record on a given individual. It may include: consumer name, address, Social Security number, credit history, inquiries, collection records, and public records such as bankruptcy filings and tax liens.

Consumer debt: Debt that is not backed by a collateral asset. This type of debt usually comes from spending more than one earns over time. Examples of consumer debts are credit cards and unsecured lines of credit.

Credit bureau: A credit reporting agency that is a clearinghouse for information on the credit rating of individuals or firms. Is often called a “credit repository” or a “consumer reporting agency.” The three largest credit bureaus in the U.S. are Equifax, Experian and TransUnion.

Credit bureau risk score: A type of credit score based solely on data stored at the major credit bureaus. It offers a snapshot of a consumer's credit risk at a particular point in time, and rates the likelihood that the consumer will repay debts as agreed.

Credit history: A record of how a consumer has repaid credit obligations in the past.

Credit obligation: An agreement by which a person is legally bound to pay back borrowed money or used credit.

Credit report: Information communicated by a credit reporting agency that bears on a consumer's credit standing. Most credit reports include: consumer name, address, credit history, inquiries, collection records, and any public records such as bankruptcy filings and tax liens.

Credit risk: The likelihood that an individual will pay his or her credit obligations as agreed. Borrowers who are more likely to pay as agreed pose less risk to creditors and lenders.

Credit score: This term is often used to refer to credit bureau risk scores. It broadly refers to a number generated by a statistical model which is used to objectively evaluate information that pertains to making a credit decision. The most commonly used score in the United States is known as a FICO score.

Default: A failure to make a loan or debt payment when due. Usually an account is considered to be in default after being delinquent for several consecutive 30-day billing cycles.

Delinquent: A failure to deliver even the minimum payment on a loan or debt payment on or before the time agreed. Accounts are often referred to as 30, 60, 90, or 120 days delinquent because most lenders have monthly payment cycles.

Equal Credit Opportunity Act (ECOA): Federal legislation that prohibits discrimination in credit. The ECOA originally was enacted in 1974 as Title VII of the Consumer Credit Protection Act.

Fair Credit Reporting Act (FCRA): Federal legislation that promotes the accuracy, confidentiality and proper use of information in the files of every "consumer reporting agency." The FCRA was enacted in 1970.

FICO scores: Credit bureau risk scores produced from models developed by Fair Isaac Corporation are commonly known as FICO scores. Fair Isaac credit bureau scores are used by lenders and others to assess the credit risk of prospective borrowers or existing customers, in order to help make credit and marketing decisions. These scores are derived solely from the information available on credit bureau reports.

Inquiry: An item on a consumer's credit report that shows that someone with a "permissible purpose" (under FCRA rules) has previously requested a copy of the consumer's report. Fair Isaac credit bureau risk scores take into account only inquiries resulting from a consumer's application for credit.

Installment debt: Debt to be paid at regular times over a specified period. Examples of installment debt include most mortgage and auto loans.

Insurance bureau score: An insurance rating based solely on credit bureau data stored at the major credit bureaus. It offers a snapshot of an individual's insurance risk at a particular point in time, and helps insurers evaluate new and renewal auto and homeowner insurance policies.

Late payment: A delinquent payment; a failure to deliver a loan or debt payment on or before the time agreed.

Revolving debt: Debt owed on an account that the borrower can repeatedly use and pay back without having to reapply every time credit is used. Credit cards are the most common type of revolving account.

Score: See “credit score.”

Scoring model: A statistical formula that is used, usually with the help of computers, to estimate future performance of prospective borrowers and existing customers. A scoring model calculates scores based on data such as information on a consumer's credit report.
